Letting Go of the “Search”

Embracing the True Self... Finding God

Module 13-1 Thursday 9/12 – Sunday 9/15/2024

With **Erena Bramos** and **Beth Hedquist**

“Bliss is a result of finding God, but finding God does not come about through a moralistic adherence to strict codes and rules which one is supposed to accept in slavish obedience. Finding God is the greatest freedom there is. God is found in the degree the self is found, for God dwells within the self – the final, real self is GOD...expression of the divine substance which permeates the whole universe, in free floating energy” [PRS-3]

And.... To “know” that freedom we are asked to let go of identifying with any limiting notion of who we are and to live our life obeying the longing to welcome all experiences, to align our awareness with all pulsations through which God expresses itself.

In this gathering we will explore together our very human fear of letting go of attachment to the self who believes that its importance lies in mastering an understanding of the meaning of our existence. And we will make room for the alignment with our deepest longing ... the deepest stillness, the awareness which creates and therefore welcomes all pulsations through which God expresses itself.

We are looking forward to your joining us.
